

Chesapeake College Theatre Arts Performance Grants

Chesapeake College offers several performance grants each semester to students involved in theatrical productions. These are modest grants which are intended to cover all or part of the cost of a theatre performance class and are intended as a small token of appreciation for the many hours spent in rehearsal for a production. The amount of the grant will be placed in a student account and will be directly applied to the student's tuition and fees. Remaining funds will be sent directly to the student.

To be eligible for a grant, you must:

- be active in high school, college, or community theatre, either on stage or in some technical capacity
- fill out and return an application by the stated deadline
- enroll in at least one theatre course at Chesapeake College
- agree to audition for that semester's Chesapeake College production and serve in whatever capacities you are assigned
- agree that you will work exclusively for the Chesapeake College drama program during that semester, which means that you will not be able to work with non-college productions which rehearse or perform during the semesters of your grant.
- become an active, productive, and cooperative member of The Peake Players, which means assisting at work calls, helping out whenever you are called upon to do so, and maintaining a leadership role in the Peake Players
- maintain a satisfactory academic standing at Chesapeake College

To apply for a grant, you must:

- submit a Performance Grant application by the deadline
- be interviewed by Chesapeake College's drama professor at a time that will be arranged after your application has been received,
