- University System of Maryland Hagerstown

Bachelor of Arts

Salisbury University's School of Social Work offers their Bachelor of Arts in Social Work (B.A.S.W.) program at five convenient campus locations in Maryland.

Courses offered at our campuses are "hybrid," meaning they use the latest technology to combine conventional face-to-face presentations with fully interactive live video and online instruction from SU's faculty, which permits students to complete their B.A.S.W. in their local communities.

Our campuses are designed with the working student in mind by offering evening and summer courses. The academic load is twelve or more credits per semester. Since some of the class work is completed online, actual classroom time is reduced.

The B.A.S.W. program is for students who have earned at least 45 credit hours (SU campus) or an associate's degree or 60 credits toward a bachelor's degree (satellite campuses).

About Salisbury University

Salisbury University, a member of the University System of Maryland, is truly *A Maryland University of National Distinction*. A four-year comprehensive university offering over 60 distinct undergraduate and graduate degree programs, SU is one of those rare places where individual talents are celebrated while big ideas are encouraged and nurtured.

SOWK 410 Social Work Practice III	4
SOWK 417 Social Work Research II	4
SOWK 421 Field Education II	4

** Students may transfer this course in from another institution.*

Students are reminded that additional courses are required to complete the 120 credits to earn a bachelor's degree.

All of SU's undergraduate and graduate social work programs are accredited by the Council of Social Work Education, a must for earning licensure.

Course of Study

The B.A.S.W. program consists of 54 credit hours. There are 46 credits of classroom work and 8 credits of supervised field practicum. Additional courses are required to meet the 120 credits to earn a bachelor's degree.

Field Practicum

Students, in collaboration with a member of the Field Education Office, select field placements to meet their professional goals. Students in the undergraduate program complete a two-semester field placement two days a week beginning the fall semester of their second year.

Current placements include a variety of settings such as community mental health agencies, child welfare agencies, county health departments, and area schools. In some limited situations, students may make special provisions for a field placement within their current work setting.

Those working full time will need to plan for daytime release from their jobs to participate in the field practicum.
