Dear President:

MHEC has continued to work with the Maryland Department of Health (MDH) to identify “University Days” at various mass vaccination sites throughout Maryland. In addition to the Greenbelt Metro Station announcement yesterday, we are happy to share the additional locations and designated University Days below. This means that campus community members, including students, faculty, and staff, can directly access vaccination appointments. Please notify your campus community that they can follow these steps to schedule an appointment:

1. Visit: massvax.maryland.gov
2. Enter the applicable passcode (when prompted to enter a zip code)
3. Select the appropriate site
4. Choose an appointment date/time and register for appointment

Location	Dates for University Days	Passcode
Greenbelt Metro Station 5717 Greenbelt Metro Dr. Greenbelt, MD 20740	April 23-April 27	27858
Six Flags 13710 Central Ave. Bowie, MD 20721	April 26-April 27	11968
Regency 11765 St. Linus Dr. Waldorf, MD 20602	April 26-April 28	33040
Hagerstown Outlets 900 Premium Outlets Blvd. Hagerstown, MD 21740	April 26-May 4	33602
Ripken Stadium 873 Long Drive Aberdeen, MD 21001	April 30-May 9	31522
Wicomico 500 Glen Ave. Salisbury, MD 21804	April 29-May 5	24011
Navy-Marine Corp Stadium 550 Taylor Ave. Annapolis, MD 21401	April 30-May 6	04736

The above passcodes are unique to this “University Days” opportunity and only campus community members may use it to select an appointment. Students, faculty, and staff will be expected to show their campus ID at their scheduled appointment time. Additionally, incoming and new students are welcome to take advantage of this opportunity. In lieu of a student ID, they can provide either an acceptance letter or a copy of their fall registration.

We will continue to announce additional University Days at other mass vaccination sites throughout Maryland as they become available. If by chance these University Days do not work for your students’ schedules, we encourage all Marylanders to pre-register for a COVID-19 vaccine appointment at a state-run mass vaccination site at covidvax.maryland.gov or by calling the COVID-19 Vaccination Support Center at 1-855-MDGOVAX.

Please know that any students under the age of 18 will need to be accompanied by a parent or guardian to receive their COVID-19 vaccine.

Again, we hope that this will help expand vaccination efforts to students, faculty, and staff at our Maryland colleges and universities. Please share this information with your campus community widely and as soon as possible. Thank you for all you are doing to ensure the safety of your campus.

Thank you,

Dr. James D. Fielder
Secretary
